Physical Form:

Liquid

Quantity Within Each Unit Package:

55.000 gallons

Composition And Percentage:

90.0 by volume 1, 1, 1-trichloroethane

Distillation Temp:

70.0 degrees celsius initial boiling point and 88.0 degrees celsius dry

Specific Gravity Value:

Between 1.284 and 1.324

Specification Or Standard:

I type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
