## NSN 6810-00-687-7922

Technical Ethyl Acetate - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6810-00-687-7922

Physical Form:
Liquid
Quantity Within Each Unit Package:
1.000 gallons
Composition And Percentage:
85.0 by weight ethyl acetate and 88.0 by weight ethyl acetate
Impurities Limitation In Percent:
Water0.20; acidity0.01; novolati le matter0.005
Distillation Temp:
70.0 degrees celsius initial boiling point and 80.0 degrees celsius dry
Specific Gravity Value:
Between 0.883 and 0.888
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A10800
