Physical Form:

Pellet

Quantity Within Each Unit Package:

50.000 pounds

Composition And Percentage:

100.0 by volume silver

Impurities Limitation In Percent:

Moisture 0.20, total impurities 0.50

Special Features:

Cid a-a-694 type 2, form 1; sodium chloride (salt) compressed pellets used for water conditioning suitable for ion-exchange columns

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
