Physical Form:

Liquid

Quantity Within Each Unit Package:

55.000 gallons

Composition And Percentage:

Combined total of diethylene and ethylene glycol shall be no more than 13 percent by weight

Special Features:

Also known as polyethene glycol 200 peg 200, carbowax 200, jeffox (peg 200), polyglycol e-200, pluracol e-polyols (mw200).

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
