Technical Polyethylene Glycol - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6810-01-074-9719

Physical Form:
Liquid
Quantity Within Each Unit Package:
55.000 gallons
Composition And Percentage:
Combined total of diethylene and ethylene glycol shall be no more than 13 percent by weight
Special Features:
Also known as polyethene glycol 200 peg 200, carbowax 200, jeffox (peg 200), polyglyol e-200, pluracol e-polyols (mw200).
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A10800
