## NSN 6810-01-113-0110

Reagent Soda Lime - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6810-01-113-0110

Physical Form:
Granular
Quantity Within Each Unit Package:
16.79 kilograms or 37.000 pounds
Special Features:
Highly porous granules size between 4 and 8 mesh (u.S. Standard sieve); moisture content between 14 pct and 19 pct; divers life support
system; high performance sodasorb
Special Test Features:
The sodasorb is nonindicating grade
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A10800
