Reagent Sodium Metabisulfite - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6810-01-523-6224

Physical Form:
Powder
Composition And Percentage:
98.0 by weight sodium metabisulfite and 1.0 by weight sodium sulfite
Special Features:
Free flowing white, fine granular crystal having characteristic odor of sulfur dioxide; pre mix powder comes in 5 gallon container; mix with
water to make 5 gallons
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fila:
