Physical Form:

Powder

Composition And Percentage:

98.0 by weight sodium metabisulfite and 1.0 by weight sodium sulfite

Special Features:

Free flowing white, fine granular crystal having characteristic odor of sulfur dioxide; pre mix powder comes in 5 gallon container; mix with water to make 5 gallons

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
