Fragility Factor:

Moderately delicate

Physical Form:

Liquid or paste

Quantity Within Each Unit Package:

1.000 liters

Storage Type:

Temperature controlled warehouse and controlled humidity warehouse

Special Handling Feature:

Hazardous and poisonous and oxidizing agent

Specific Gravity Value:

2.700

Product Name:

Chromium trioxide; cro3 gel

Dot Registration Code:

Un1463

Special Features:

Anodizing type i (chromic) gel; causes cancer; msds c4400; poison schedule s6; use protective clothing and breathing apparatus in a well ventilated area

Color:

Red

Special Test Features:

Do not store on wooden floors; protect from physical damage; store in a cool, dry, ventilated area away from heat, ignition sources, moisture and incompatibilities

Supplementary Features:

Hazard class 5.1, 6.1, 8; cas no.1333-82-0; molecular wt 99.99; info reported for product/size 100 pounds

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
