Formulation Designation:

Sigma special

Solute Designation:

Formaldehyde

Product Name:

Formaldehyde solution

Level Of Dermal Irritation Potential:

Strong

Environmental Attribute Code:

Reviewed - does not meet some enac criteria

Special Features:

Transport info-adr/rid un1198 class (8) packing group iii; shipping name-formaldehyde solution, flammable; hazrd symbol t-toxic; r-phrases r23/24/25; r34; r40; r43; s-phrases s26; s36/37/39; s45; s51; msds cas-no.50-00-0; ec-no.200-001-8; index-no.605-001-00-5; classification t, carc, cat3 see r phrases above

Color:

Colorless

Hazardous Substances:

Formaldehyde

Supplementary Features:

Form-liquid clear; flash point 64deg c-closed cup; ignition temp 300deg c; vapour pressure 69 hpa at 37deg c; density (air = 1.0) ; hazardous decomposition products formed under fire conditions-carbon oxides

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T093-a
