Physical Form:

Liquid

Quantity Within Each Unit Package:

500.000 milliliters

Product Name:

Nitric acid

Special Features:

Formula weight 63.01 g/mol; colorless, nitric acid 69% & water 31%; ph less than 1.0, boiling pt 120.5 degrees c; densi type 1.413g/cm3 at 20 degrees c

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10800
