Product Name:

Resistivity solution

Special Features:

Color: colorless; ph: 7.0 to 9.0; odor: alcoholic solvent; explosive limits: lel: 2.1 v%, uel: 13.7 v%; solubility: totally soluble; viscosity: like water; avoid heat, flames and sparks; avoid aluminum acids, oxidizing agents, halogenated compounds, acid anhydrides; hazardous decomposition compounds: carbon oxides;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
