Solvent Red 27 Dye - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6820-01-569-0069

Physical Form:
Liquid
Special Features:
Metal-halogen sulfur-free, singlephase concentrated liquid dye; xylene used as viscosity depressant and standardizing asgent; brightly red
colored, low viscosity, and low level of insolubles make it ideally suited for coloration of wide variety of fuels
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T092-a
