**Department Of Transportation Cylinder Identifying Number:**

3a2015 or 3aa2015

**Physical Form:**

Gas

**Compression Type:**

Water pumped

**Composition And Percentage:**

99.5 by volume nitrogen

**Supplied Amount:**

200.000 cubic feet

**Cylinder National Stock Number:**

8120-00-247-9614

**Supplied Cylinder:**

Supply item

**Supplementary Features:**

Use with artillery recoil mechanisms only

**Specification Or Standard:**

1 class and b grade and i type

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T09100
