Department Of Transportation Cylinder Identifying Number:

3a2015 or 3aa2015

Physical Form:

Gas

Compression Type:

Water pumped

Composition And Percentage:

99.5 by volume nitrogen

Supplied Amount:

200.000 cubic feet

Cylinder National Stock Number:

8120-00-247-9614

Supplied Cylinder:

Supply item

Supplementary Features:

Use with artillery recoil mechanisms only

Specification Or Standard:

1 class and b grade and i type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T09100
