Physical Form:

Gas

Composition And Percentage:

0.95 by volume isobutane and 99.05 by volume helium

Cylinder National Stock Number:

8120-00-983-5835

Supplied Cylinder:

Nonsupply item

Reference Number Differentiating Characteristics:

As differentiated by unit package quantity, unit package type, cylinder national stock number, interstate commerce commission identifying number, supplied cylinder

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T09100
