End Application:

Monitor, cbn monoxide

Protective Storage Feature:

Controlled room temperature

Product Name:

(inavy)carbon monoxide, oxygen, nitrogen mixture

Special Features:

Concentration 400 ppm; calibration minutes at 1.5lpm, 65.0; appearance and odor, colorless, odorless gas; gas under pressure, 1000 psig at 70 degrees fahrenheit, approx. 100 liters gas at atmospheric pressure; storage, store in a cool day, dry, well-ventilated area. Do not exceed 120 degrees fahrenheit.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T09100
