**End Application:**

Monitor, cbn monoxide

**Protective Storage Feature:**

Controlled room temperature

**Product Name:**

(inavy)carbon monoxide, oxygen, nitrogen mixture

**Special Features:**

Concentration 400 ppm; calibration minutes at 1.5lpm, 65.0; appearance and odor, colorless, odorless gas; gas under pressure, 1000 psig at 70 degrees fahrenheit, approx. 100 liters gas at atmospheric pressure; storage, store in a cool day, dry, well-ventilated area. Do not exceed 120 degrees fahrenheit.

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T09100
