VION CTIMIC ACTINICATION ACCOUNT TO THE COOL COOL
End Application:
Monitor, cbn monoxide
Protective Storage Feature:
Controlled room temperature
Product Name:
(inavy)carbon monoxide, oxygen, nitrogen mixture
Special Features:
Concentration 400 ppm; calibration minutes at 1.5lpm, 65.0; appearance and odor, colorless, odorless gas; gas under pressure, 1000
psig at 70 degrees fahrenheit, approx. 100 liters gas at atmospheric pressure; storage, store in a cool day, dry, well-ventilated area. Do
not exceed 120 degrees fahrenheit.
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
