End Application:

6515-20-007-4819 portable icu system

Physical Form:

Gas

Product Name:

Span gas calibration 2s device code 18959

Special Features:

Calibration gas for diagnostic calibration of the moves patient transport system; contains 5% carbon dioxide (co2), 21% oxygen (o2), and nitrogen (n2); package of 2 cylinders with tubing line and filters; high pressure gas; may accelerate combustion; can increase respiration and heartbeat; dot proper shipping name: compressed gas, nos; hazard class: 2.2 (nonflammable); identification number: un 1956; labeling: nonflammable gas

Hazardous Substances:

Carbon dioxide and oxygen

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T09100
