Physical Form:

Liquid

Active Ingredient:

Enzyme producing bacteria

Dispersing Method:

Spray bottle

Flammability Characteristic:

Nonflammable

Hand Spray Gun Dispenser:

Included

Wire Loop:

Not included

Special Features:

1 gallon (3.785 liter) container, 6 per case; 50 billion bacteria per gallon absorb and digest organic matter that causes odors and stains; through bio-enzymatic action counteracts odors

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T090-a
