Chemical Composition Percentage:

Picaridin: 20.0%, water: 20.0-30.0%, ethyl alcohol: 20.0-30.0%, polyethylene glycol 400: 15.0-30.0%;

Dispersing Method:

Spray bottle

Product Name:

Natrapel 8 hr with picaridin in bottles, wipes and spray

Special Features:

Appearance: clear liquid; odor: lemon; highly flammable; slight health effects; flashpoint: 78.0 deg. F.; ph: 7.0-9.0; boiling point: greater than 35.00 deg. C; density: 0.98 gm/ml; solubility: completely soluble in water, soluble in alcohol; viscosity: 5-25 cps@25.0 deg. C.; volatility: <36.0%

Dot Proper Shipping Name:

2.1 and 3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T090-a
