Product Name:

Zoecon zenprox ec

Level Of Dermal Irritation Potential:

Moderate

Special Features:

Harmful if swallowed; flammability class: class iiiib liquid; combustion products: oxides of carbon; appearance: straw colored liquid; odor: faint petroleum solvent odor; specific gravity: 1.03; bulk density: 8.6 lbs/gl; solubility: emulsifies in water; stability: stable; reactivity: not reactive; extremely toxic to aquatic organisms including fish and aquatic invertebrates;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
