Product Name:

Zoecon wasp-x wasp and hornet spray

Level Of Dermal Irritation Potential:

Slight

Special Features:

Hazardous to humans and domestic animals; flammability class: level 1 aerosol; unusual fire/explosion hazards: contents under pressure; do not store at temperatures above 130.00 deg. F.; appearance: white liquid emulsion; boiling point: 212.00 deg. F.; specific gravity: concentrate: 8.0 lbs/gal; solubility: in water: miscible; evaporation rate: 1.0; ph: 6.80; reactivity: not reactive; stability: stable; polymerization will not occur; highly toxic to fish and aquatic invertebrates;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
