Physical Form:

Aerosol or gas or liquid

Product Name:

ProLink disinfectant spray

Special Features:

Boiling point: 143.6 °F (62.2 °C) estimated; colorless; flammability (hoc) 23.3798 kj/g estimated; flash back: yes; flash point: -156 °F (-104.4 °C) propellant; form: compressed gas. Aerosol; odor: fruity alcoholic; ph: 9.5-10.5; physical state: liquid; pressure: 75 - 90 psig @ 70f; solubility (h2o): miscible; specific gravity: 0.7517

Hazardous Substances:

Alcohol

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T090-b
