Material Base Type:

Solution

Quantity Within Each Unit Package:

5.0 gallons

Special Features:

Bruilin 63-g is a controlled, low foaming, biodegradable, concentrate detergent designed for use in spray wash applications for aggressive cleaning of ferrous metals. This product is free rinsing with no residue and may be filtered, at an ambient temperature, for longer tank life. Has been specifically formulated to remove machining fluids, light carbon, coolants, cutting oils, drawing oils, and lubricants. Foaming is eliminated at recommended use-dilutions of 3-5% in water, and temperatures of 130-160 degrees f . Ferrous metals will be protected from flash rusting for 3-7 days. 5 gallon pail.
