Physical Form:

Liquid

Quantity Within Each Unit Package:

5.0 gallons

Minimum Flash Point:

380.0 degrees fahrenheit

Special Features:

Packaged 5 gal bucket

Supplementary Features:

Lubricates and prevents rust. Nonaerosol, non-flammable, biodegradable. Temperture range of -80' to 380'f and is non conductive.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T089-b
