**Physical Form:**

Liquid

**Quantity Within Each Unit Package:**

5.0 gallons

**Design Type:**

Permanent

**Arctic Graded Feature:**

Not included

**Special Features:**

Multi engine type antifreeze; type i; glycol base is ethylene glycol; glycol level concentrated (100%); use in administrative vehicles, construction vehicles and equipment, military ground combat and tactical/equipment vehicles

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T089-b
