Overall Length:

5.000 inches

Overall Height:

1.000 inches

Overall Width:

5.000 inches

End Application:

Extreme cold applications

Unit Package Quantity:

48

Unit Package Type:

Case

Features Provided:

Reusable and insulated

Product Name:

Johnny plastic ice

Special Features:

Composed of food-grade starch and various organic materials; semi-solid neutral ph; low expansion rate; self-insulating; some resealing capabilities around small punctures

Color:

Blue

Special Markings:

Non-toxic, non-caustic, do not ingest

Special Test Features:

Average duration 16-48 hours; does not freeze in standard home freezers

Supplementary Features:

Keep shipments frozen; x-cold reusable brick +10deg f formula; 12 ounces per pack; 48 packs in a case

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T087-a
