**Basic Ingredient:**

Silicone rubber

**Product Name:**

Therm-a-gap t635

**Special Features:**

Item is a silicon matrix made of boron nitride (bn) 20 to 40 percent by weight and diboron trioxide 1 to 5 percent by weight; for manual dispensing

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T089-a
