End Application:

Mrap

Basic Ingredient:

Polyurethane

Product Name:

Sealant, sikaflex desert tan

Special Features:

Color is desert tan. Application temp 41 degrees f - 100 degrees f. Service temp -40 degrees f - 194 degrees f. Sikaflex 227 provides a permanently elastic bond to fasten materials which have dissimilar coefficients of expansion. Mrap use only. Not to be combined with other like adhesives

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T089-a
