Physical Form:

Liquid

Product Name:

Bright dyes, standard blue

Special Features:

Liquid, dark blue, boiling pt. 100 degrees (212 degrees f), freezing pt 0 degrees c(32 degrees f) , ph 5.1 to 5.3, highly soluble in water, chem family aqueous dye prod., do not mix w/acids, temp skin color chg. To blue.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T089-b
