Physical Form:

Liquid

Design Type:

Nonpermanent

Boiling Point Temperature Rating:

226.000 degrees fahrenheit

Flammability Characteristic:

Nonflammable

Arctic Graded Feature:

Not included

Err Default:

Err default

Product Name:

Extended life coolant 55%/45% w/distilled water

Special Features:

Orange liq; flash pt 260%f, mild odor, chem fam ethylene glycols

Color:

Amber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T089-b
