End Application:

4240-01-274-6356

Quantity Within Each Unit Package:

1.00 quarts

Water Soluble Feature:

Not provided

Product Name:

Dry cleaning solvent

Level Of Dermal Irritation Potential:

Strong

Special Features:

Boiling point : 350-415 degrees f.; specific gravity : 0.79 @ 60 degrees f.; appearance is colorless and odor is hydrocarbon odor; vapor pressure : <5 @ 100 degrees f.; vapor density : 5.3; 100 percent volatile by volume; this material reacts violently with : strong oxidizers; components are a mixture of c9-c12 hydrocarbons; chemical family is solvent naphth (petroleum), medium aliphatic; chemical type goggles must be worn. Do not wear contact lenses; protective clothing such as uniforms and gloves resistant to chemicals and petroleum distillates are required. Use a respirator approved by msha or niosh; exposure limit is 100ppm twa acgih and osha.; flash point : 145 degrees f.; transport and store in accordance with 29 cfr (1910.106) and applicable dot regulations; incinerate or place in rcra permitted waste management facility for disposal; this solvent cannot be sent through u.S. Mail.;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T089-a
