End Application:

O2-n2 generator

Quantity Within Each Unit Package:

300.00 pounds

Product Name:

Desiccant

Level Of Dermal Irritation Potential:

Slight

Special Features:

Chemical name: sodium aluminosilicate; product name: molecular sieve type 13xapg; composition: sodium oxide, silicon oxide, aluminum oxide; specific gravity: 1.1; may cause irritation to eyes, skin, nose, throat and chest if inhaled; reacts with water;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T089-b
