End Application:

F15 se

Product Name:

Vexor inert cone pepper spray

Level Of Dermal Irritation Potential:

Moderate

Special Features:

Flashpoint: >400.00 deg. F./ >200.00 deg. C; method used: flash cup; do not expose to temperatures over 120.00 deg. F. / 48.00 deg. C.; appearance: clear in color; odor: slight mint smell; physical state: liquid; freezing point: -60.00 deg. F. / -50.00 deg. C.; vapor density: <1.00; specific gravity: <1.00; evaporation rate: >1.00; insoluble in water; percent solid by weight: 94.00%; percent volatile: 40.00%; stable; incompatible with strong acids and bases; byproducts: carbon monoxide, carbon dioxide, hydroflouric acid, carbonyl halides; hazardous polymerization will not occur;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
