Product Name:

Re-nu all purpose kleen

Level Of Dermal Irritation Potential:

Slight

Special Features:

Contains hazardous ingredients sodium hydroxide and potassium hydroxide; vapor density: 0.5; specific gravity: 0.977; complete solubility in water; vapor pressure: 46.0; appearance: light yellow liquid; odor: clean sweet odor; boiling point: 220.00 deg. F.; hazardous polymerization will not occur;

Color:

Yellow

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
