Overall Length:

24.000 inches

Overall Height:

5.500 inches

Overall Width:

10.500 inches

Installation Design:

Portable

Controlling Agency:

Usaf

Identifying Number:

Type no. G-1

Equipment Name:

True airspeed indicator

Special Equipment Simulated:

Item

Panel/similar Segment Quantity:

1

Component/item Functioning Presentation Method:

Cutaways

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T356-b
