Direct Current Voltage Rating In Volts:

28.0

Installation Design:

Portable

Controlling Agency:

Lockheed aircraft corp

Manufacturer Address:

Burbank, ca

Power Source:

Dc

Direct Current Usage:

Required

Training Phase:

Theory

Equipment Name:

Compass system, aircraft

Representation Type:

Simulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T356-a
