Installation Design:

Mobile

Controlling Agency:

Pasco scientific corp

Manufacturer Address:

Roseville, ca

Identifying Number:

Me-9452

Training Phase:

Linear motion

Equipment Name:

Introductory dynamics

Representation Type:

Simulation

Product Name:

Introductory dynamics system (2.2m)

Special Features:

Tilts to any angle; no air blower

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T356-a
