Installation Design:

Portable

Controlling Agency:

Pasco scientific corp

Manufacturer Address:

Roseville, ca

Identifying Number:

Es-9070

Training Phase:

Theory

Equipment Name:

Conductive sphere; charging probe

Representation Type:

Simulation

Product Name:

Coulomb's law apparatus

Special Features:

Measures charge, force and distance; symmetric construction; magnetic damping; built-in scales

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T356-a
