Installation Design:
Portable
Controlling Agency:
Pasco scientific corp
Manufacturer Address:
Roseville, ca
Identifying Number:
Es-9070
Training Phase:
Theory
Equipment Name:
Conductive sphere; charging probe
Representation Type:
Simulation
Product Name:
Coulomb's law apparatus
Special Features:
Measures charge, force and distance; symmetric construction; magnetic damping; built-in scales
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T356-a
