Current Rating:

50.000 amperes and 60.000 amperes

Voltage In Volts And Current Type:

208.0 ac

Special Features:

Used with lab-volt 0.2kw power electronics training system models 8032-10; -20; accepts all size modular instruction programs from 6.100/12.100 in ht; 4 swivel casters; storage cabinet; pull out work surface, w/spaces to insert 6 full or 12 half size modules; safety locks, release levers; steel guide rails

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
