Diameter:

20.000 inches

Mounting Hole Diameter:

0.218 inches

Mounting Hole Quantity:

3

Face Color And Location:

Black first side

Mounting Hole Configuration:

One centrally located, 2 located on center line 8.031 in. From center

Special Features:

Opposite face white w/black cross

Material:

Steel comp 1010

Surface Treatment:

Phosphate

Surface Treatment:

Phosphate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T262-b
