Frequency In Hertz:

400.0

Installation Design:

Mobile

Ac Operating Voltage Rating In Volts:

115.0

Power Source:

Ac

Alternating Current Usage:

Required

Training Phase:

Operation and maintenance

Product Name:

Trainer, flight control

Phase:

Single

Special Features:

Lc/o 3 panels, dim panel 1 96in l; 48in w; 60in w; panel 2, 80in l; 60in w; 60in h; panel 3, 100in l; 60in w; 60on h; panels to depict rudder, elevator, aileron, power boost, and the flap drive system; c-130e vehicle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T356-a
