Overall Length:

624.000 inches

Overall Height:

480.000 inches

Overall Width:

192.000 inches

Design Type:

Stationary

Power Source:

Ac

Training Phase:

Full flight

Simulated Aircraft Model Number:

C-5 galaxy

Special Features:

Item contains one or more precious metals, equipped with articulation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T262-g
