Overall Length:

624.000 inches

Overall Height:

480.000 inches

Overall Width:

192.000 inches

End Application:

Training aids and devices

Design Type:

Stationary

Training Phase:

All aspects of flying the c-5, and enables aircrew to maintain currency

Simulated Aircraft Model Number:

C-5

Special Features:

Full motion trainer, contains small amounts of gold; silver; and copper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T262-g
