## **Major Components:**

Radio, prtsl 1, data commo interface (dci) assembly 1, vehicle radio interface cable (red tag) 1, vehicle detector device (vdd) power cable (green tagged) 1, vehicle prtls radio housing tube 1.

#### **Product Name:**

Precision real time location system (prtls), vehicle display detector (vdd).

#### **Special Features:**

Dvc: 71-37/2

#### **Functional Description:**

Performs all real time processing necessary to monitor and collect individual player positions. Provides a radio gps tracking and player communication system for dismounted soldiers or any other ground based system for which there is no tactical engagement system (tes).

#### Shelf Life:

N/a

#### **Unit Of Measure:**

--

#### **Demilitarization:**

Yes - demil/mli

### Fiig:

T01200
