Training Phase:

Simulation; featga device providing simulation of various navigational equipment to a total of 52 basic navigator students, equipment to be simulated include search radar altimeter stro-navigation inertial communications; major components include student station, instructor-operator station, digital radar landmass simulation system computation system and communication system

Product Name:

Trainer, radar navigational

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

T356-a
