Functional Description:

In addition to air-to-surface fire control radar simulation will have a digital data base transformation program, digital data base update capability, as well as jammer, artillery, radar, or missile, occlusion, weapon impact location, and thunderstorm simulation capabilities

Type/model Designation:

A/f36u-t4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
